

Memories of struggle & solidarity in the 80's

WFA Film Archive compilations to reflect on today

3 Film Show Discussions

Films about events which are often hidden in history - ordinary people finding their voice & showing the value of their lives & actions in bringing about change to the benefit of the many and against the narrow interests of the few.

For over 33 years in Manchester, WFA has filmed many key events which now comprise a film archive of over 1,000 analogue video tapes. With support from NW Film Archive & Heritage Lottery Fund, WFA has catalogued & digitized over 250 tapes with the intention of making them accessible for the education & enjoyment of the widest number of people & to keep them safe for future generations to learn from. This pilot project offers:
